BUSINESS UPDATE

February 2026 | Vol. 43, Issue 2b

A Message from our Executive Director

Renée Louzon-Benn

There are many ways the Chamber helps members by providing exclusive tools that they can use to build their businesses:

Businesses can benefit from our networking events and programs. Building a peer to peer network provides business owners and representatives with opportunities to meet with colleagues informally in a non-sales environment; exchange contact information; make connections; put a face to the business name and discuss local growth and economic development that can have a positive effect on business.

Those business owners or representatives that don't have time to attend networking events, can make contacts by calling or emailing those New Members that are listed in the first Chamber e-newsletter each month, to welcome the newcomers to the Chamber and answer any questions they may have about the Chamber or doing business in Casa Grande.

For more information about how you can make your membership work for you, contact Ken Saltzmann, Member Engagement Manager, **membership@casagrandechamber.org**
