BUSINESS UPDATE

January 2022 | Vol. 39, Issue 1d

Business of the Week Cactus Mine

Congratulations to [Cactus Mine](#), Business of the Week. The Cactus Mine (formerly the Sacaton Mine) is located in Arizona at the convergence of three major geologic zones in western Pinal County. Discovered in 1961 by ASARCO, the site was mined from 1972 to 1984. In July 2020, Arizona Sonoran Copper Company, Inc. (ASCU) completed the purchase of the site from the trust, taking custody of the property.

Operating in an environmentally responsible manner and investing in low carbon and water-efficient technologies, the copper produced by ASCU will be a critical component in producing renewable energy, electric vehicles and much more which will benefit Pinal County, a future hub for electric car and truck manufacturing, solar facilities and more. As community partners, ASCU is also

committed to hiring and retaining talent locally, sourcing locally, and supporting programs that improve the quality of life in the region.

For more information about the project, our past, present and future; hiring; core values and commitment to the community, visit [Cactus Mine](#).
