BUSINESS UPDATE

June 2021 | Vol. 37, Issue 6a

Greetings from the Chamber

Ole Solberg - *Solberg Engineering*
Chairman of the Board

We are grateful to our chamber members for working through the challenges of the past year with us. We have upgraded our membership management system, making it more interactive. Now, each Chamber rep can log into the Chamber's online database and make any corrections to personal contact information. For instructions on how to access your rep profile, email records@casagrandechamber.org.

If you visit the Chamber website, you will see that our message of community and business is clear. We have expanded the marketing opportunities we offer our members and the ways we can connect our Chamber members to other members and customers, on social media and the e-Newsletter.

These tools, available to our Chamber members, can help to reach longtime and potential customers. We'd like to encourage you to let the Chamber share your news on our Facebook page from your Facebook page. Also, if you have any business news to share, such as new employees, programs, workshops or other changes, just email the information to president@casagrandechamber.org and we will include it in our weekly e-Newsletter - which is emailed to more than 800 business reps each week.

Thank you, again, for your membership. We hope to see you - in person - at our Business Before Hours and Business After Hours.

[The Garnet of Casa Grande](#) is joining the Alzheimer's Association in The Longest Day, June 21st, the day with the most light — the summer solstice. On June 14th The Garnet will start painting their steps to help the fight! By donating for the cause, you will help the support and research efforts of the Alzheimer's Association. As a donor, you will be able to come and paint your own square to show who you are honoring. The painting will include the entire walkway at The Garnet of Casa Grande, 510 East 8th Street. As the summer season approaches, local fire and disaster remediation specialist Eileen O'Brien of [SERVPRO®](#) of Casa Grande knows that the number of grill fires will increase, peaking in July. "Charcoal and gas grills, barbecues

and the like are involved in an average of more than 5,000 structure fires each year and almost 5,000 additional outdoor fires," said O'Brien. Beyond that, O'Brien adds, grilling accidents result in 19,700 trips to the hospital annually. Thermal burns account for 9,500 of those visits, and children under the age of five account for an average of 2,000, or 39 percent, of those burns. Read the [attached press release](#) for tips on safe grilling, before and while you grill.
