Business of the Week MBI - Medicine for Business and Industry

Congratulations to Business of the Week, [**MBI - Medicine for Business and Industry**](#), the only facility in Arizona dedicated to the sole practice of Occupational Health. MBI provides competent, cost-effective Occupational Health services to employers and employees in Arizona and diligently monitors industrial injury cases, working closely with skilled industrial-rehabilitation professionals to avoid chronicity. MBI provides an objective medical opinion, effective treatment and prompt return to work.

Unlike most occupational medical clinics, MBI does not utilize revenue-generating, standardized treatment protocols. They provide physical exams, injury care, alcohol and drug testing, physical therapy and many other services according to the priorities of employers and their employees. Business owners
