## ***BUSINESS UPDATE***

*September 2021 | Vol. 38, Issue 9b*

### **A Message from our Executive Director**

Renée Louzon-Benn

As we all experience advances in communication and technology, the business community is challenged with integrating traditional business models into the changing landscape of doing business today.

The Chamber offers its members business-building resources such as networking, increasing business contacts and connecting potential customers/clients with Chamber businesses. In keeping pace with the ever-changing innovations, we have increased our presence on social media and communication with our members.

We are currently developing and look forward to rolling out programming that serves those members who have specific business interests in common, such as a Young Professionals Group and Health Care Roundtable.

We are interested in learning what you, as Chamber members, want from your memberships. We welcome your communication and ideas about how the Chamber may help you to grow your business. Please email me at [president@casagrandechamber.org](mailto:president@casagrandechamber.org) with your thoughts.
